2ND TERM CONSULTATION 2019-2024

St. Ives

Business Improvement District

St Ives BID's first term finishes on 31st May 2019 but can be renewed subject to a new business plan being published and a ballot held where every levy paying business has a vote. Ahead of this process, we want to hear from you.

St Ives is your town and this survey is your chance to tell us what has worked in the first BID term, what hasn't and what should be part of a second five-year term.

Your ideas will inform a new five-year business plan to be published in the Spring ahead of a ballot in March/April 2019, where you will have the chance to vote 'yes' or 'no' for the continuation of the BID from June 2019 to May 2024.

For the BID to proceed to a second term, there must be a majority of businesses voting in favour by number and by rateable value.

Please help us shape the next five years' worth of investment in St Ives - remember it is your BID scheme and it is vital that it reflects your needs and supports St Ives' future prosperity.

What we have heard so far

The first five years demonstrate what can be achieved by businesses working together towards a common aim. We want to keep this momentum going.

Feedback from businesses so far indicates that there is a strong appetite for the BID to be renewed to ensure that the activities of the BID continue; **without a BID they will finish on 31st May 2019 and all the projects and services that the BID delivers will end.**

In February this year, we consulted with a cross section of levy payers from across St Ives – 72% of respondents said that they would be concerned if the BID finished and said that the projects and services delivered had benefited St Ives.

We now want to hear if this is a view shared by all levy paying businesses. We want to ensure that St Ives businesses of every size and from every sector benefit from the BID.

First Term Successes

St Ives BID's first term finishes on 31st May 2019.

Here are some of our achievements so far:

Marketing

- Hosted off-season visits from regional and national travel writers and bloggers, resulting in great coverage and business generated for BID businesses over the shoulder/winter months. The 2017/18 winter campaign had a PR value of £625,000 and reached 1.5M people
- Created a new brand for St Ives for use in marketing materials
- Launched the 'I Love Shopping in St Ives' Facebook page that has over 2,500 members
- Created a new town destination website with hotel booking function in conjunction with the Tourism Association and Visitor Information Centre

Events

- Sponsored the annual New Year's Eve fireworks with 2.5 tonnes of fireworks lighting up the skies and drawing the celebrations to a safe conclusion
- Organised the St Ives Food & Drink Festival show-casing local produce and culinary talents which now attracts over 12,000 visitors a year
- Supported the September Music and Arts Festival
- Provided financial, planning and operational support for the St Ives in December month-long calendar of events
- Helped establish the St Ives Shanty Shout Festival which is growing in popularity every year

Town Appearance

- Funded the installation of the annual Christmas Lighting scheme throughout town, including the light curtains, 100 small trees and main tree in Royal Square
- Appointed St Ives gardeners 'St Ives Blooms' to maintain the town's planting scheme, including the Malakoff borders, hanging baskets and various planters around town
- Carried out weekly weed clearance around the town centre
- Repainted the historic lighthouse on Smeaton's Pier
- Installed new pedestrian signage
- Installed flags around the harbour
- Worked in partnership with St Ives Town Council to replace the 40 year old Festoon Lights in nine streets, the largest set in Europe
- Installed WIFI Benches in three locations across the town

Town Safety

- Worked in partnership with St Ives Town Council to ensure CCTV was installed throughout the town centre
- In the process of launching a Shop Watch scheme throughout town

Further information on what the BID has achieved can be viewed

on our town website:

www.stivesbid.co.uk

Gulls

Introduced initiatives to minimise the nuisance caused by gulls including:

- Replaced old Penwith Borough Council warning signs with bright new aluminium signs
- Created posters and stickers for businesses advising visitors not to feed the gulls
- Created 'The Daily Gull', newspaper wrapping for use by takeaway outlets which has subsequently won awards and attracted national media coverage
- Invested in additional anti-seagull spikes installed on lampposts and hanging baskets through working in partnership with St Ives Town Council
- Created a Snapchat Geo-filter to educate visitors about the seagulls
- Placed model gulls around town with electronic noise deterrents and created a fun campaign for families to visit businesses and learn about the seagull issue

How much levy payers will contribute

- The current levy rate is 2% for ratepayers with premises over £5,000 rateable value. However, in recognition of the hike in rateable values following the publication of the 2017 ratings list, the proposal for the second term will be to reduce the levy to 1.5% and set the threshold at £7,500 which will generate circa £130K per year. There will be no inflation applied on annual payments
- 73% of existing levy payers will pay less in BID 2 than in BID 1 despite ratings increases

The Vision for St Ives 2019 – 2024

St Ives is the dazzling jewel in Cornwall’s Crown. Our BID vision is to ensure St Ives remains a leading tourism destination, supporting business, visitors and locals through a series of projects involving the local community and key organisations.
